

DetestaCalc-Calculator, food safe

[Show online](#)

This calculator is designed for food production and is both metal detectable and x-ray visible.

ILLBYPLAST
plast - muovi - plastics

This detectable desktop calculator is designed for food production from the outset with minimal germ traps, fully detectable food grade casing and buttons, a large display, and large buttons.

The BST DetestaCalc® solves this problem with metal detectable and x-ray visible casing and buttons. Internal circuitry and wiring is also potentially detectable by metal detections systems, making the BST DetestaCalc® Desktop Calculator a comprehensively detectable plastic calculator for food production areas.

Article No	BSTDCAL
Material	ABS
Detectable	Yes
Color	Blue
Food safe	Yes
Order number	BSTDCAL
Measurements	17cm x 12cm
Weight product	200g
Packaging unit	1
