

Measuring Scoop, 70g

[Show online](#)

This 70g measuring scoop is ideal for sampling, measuring or sprinkling small volumes of powders or liquids. Metal and x-ray detectable.

ILLBYPLAST
plast - muovi - plastics

This 70g measuring scoop is ideal for sampling, measuring or sprinkling small volumes of powders or liquids. A 6mm hole in the handle allows the scoop to be attached to a key reel or lanyard. Made using BST's own XDETECT polypropylene co-polymer formulation, which offers market leading detectability, impact resistance, visual brightness and food standards compliance.
