Are you looking for a sustainable all-round talent with great variety and maximum safety, but still want a particularly economical solution? Then you will love the KLEVER ECO XCHANGE safety knife! It offers a stable and ergonomic grip as well as multiple support surfaces for your thumb. The reusable knife handle is made from 100% pre-consumer recycled plastic. The double blade head makes the knife particularly economical. "Keep the handle, replace the head!" The blades are concealed to protect the user and material, plus the blade heads are very easy to replace. The KLEVER ECO XCHANGE is ideal for up to 1.5 wall corrugated cardboard, strapping, adhesive tape, string, bagged goods, felt, textiles, etc. With integrated tape splitter and practical lanyard eyelet. Can also be combined with any of our four replacement blade heads. Look at the options to the right.
